Several different types of dairy cattle can be seen at the farm.

The farm features a wide variety of other animals including miniature and draft horses, multiple species of sheep and goats, and a large variety of farm fowl. There's a greenhouse, gardens, and when available, a horse-drawn wagon ride through the crop fields.

The interpreters invite you to participate in special events and programs. Schools, scouts, and community groups events can be arranged.

GROUP APPOINTMENTS

Group appointments for programs and field trips are available.

HISTORIC CENTER

In its heyday, Wolcott Mill was known for its high-quality flour. Many of the large bakeries in the Detroit area, such as Acme Pie and Oven King Cookies, used flour milled here for their pastries and desserts.

The Historic Mill, listed on the National Register of Historic Places through the National Park Service, Department of Interior, is one of a few older grist mills remaining in Michigan. It's what's inside the mill that makes it even more unique: the original milling machinery is still in place.
