

Potential Grant Opportunities

2302140 Flat Rock - Huroc Dam Disposition Feasibility Study
 GEI Consultants, Inc.

Organization	Program Topic/Name	Project Types Funded (Key Words)	Eligible Grantees	\$/Grant	Match	Geographical Boundaries/Limits
GLFT - Great Lakes Fishery Trust	Ecosystem Health and Sustainable Fish Populations: Habitat Protection and Restoration	preserve essential habitat; protect, restore, and stabilize important fish habitats; increase habitat availability	non-profit orgs, educational institutions, state, tribal and local governments. Priority will be given to projects focusing on Lake Michigan.	\$500,000 for disbursement		Great Lakes Basin
NFWF - National Fish and Wildlife Foundation	Sustain Our Great Lakes	improve and enhance: Stream and riparian habitat, coastal wetlands, and Great Lakes and tributaries water quality	non-profit orgs, educational institutions, state, tribal and local governments	\$200,000 to \$1,000,000.	1:1 preferred	Great Lakes basin
MDNR - Michigan Department of Natural Resources	Fisheries Habitat Grant Program	rehabilitate inland lakes, Great Lakes, rivers and streams habitat whose key physical processes that control aquatic habitat and fish production are impaired, including key processes : hydrology; connectivity; material recruitment and movement; geomorphology; and water quality.	non-profit orgs; local, state, federal and tribal government agencies	\$25,000+	minimum 10%	State of Michigan
Trout Unlimited	Embrace a Stream Program	coldwater fisheries conservation, on-the-ground restoration, protection, conservation that benefit trout and salmon fisheries	TU councils and chapters	\$10,000	1:1	Nationwide
EGLE - Michigan Department of Environment, Great Lakes, and Energy	Dam Risk Reduction Program	dam removal, critical maintenance	Entities that own or operate a dam in the state of Michigan	\$350,000 for all projects	10%	Michigan
USFWS - U.S. Fish and Wildlife Service	Midwest Region Fish Passage Program	dam and barrier removal	government, watershed groups, tribes, others			Wisconsin, Ohio, Missouri, Minnesota, Michigan, Indiana, Illinois, and Iowa
FEMA - Federal Emergency Management Agency	Rehabilitation Of High Hazard Potential Dam (HHPD) Grant Program	Classified as high hazard potential by the dam safety agency in the state or territory where the dam is located. With a current, approved emergency action plan by the state or territorial dam safety agency Failing to meet minimum dam safety standards of the state or territory and poses an unacceptable risk to the public	Eligible subrecipients under HHPD Grant Program are non-federal governmental organizations (other than the designated applicant) and nonprofit organizations.	Distributed by State		Nationwide
NOAA - National Oceanic and Atmospheric Administration	Transformational Habitat Restoration and Coastal Resilience	restore coastal wetlands, remove dams, reconnect rivers to their historic floodplains, outplant corals to rebuild reefs, build living shorelines that protect coasts from erosion and sea level rise	state and local government, tribes, non-profit orgs, for-profit orgs, universities	\$1 million to \$25 million; \$240 million for disbursement	not required	marine, estuarine, coastal, or Great Lakes ecosystems within the U.S. and territories
NOAA - National Oceanic and Atmospheric Administration	Restoring Fish Passage through Barrier Removal	reopen migratory pathways and restore access to healthy habitat for fish; removal of dams and other in-stream barriers	state and local government, tribes, non-profit orgs, for-profit orgs, universities	\$1 million to \$20 million; \$175 million for disbursement	not required	United States and Territories
EPA - Environmental Protection Agency	Create Great Lakes Environmental Justice Grant Programs	cooperative agreements to support the GLRI; issuing and overseeing subawards for environmental restoration projects in underserved Great Lakes communities	state/interstate agencies, tribes, local government, universities, non-profit orgs	\$30 million for one to six cooperative agreements		
NFWF - National Fish and Wildlife Foundation	Five Star and Urban Waters Restoration program	Funding priorities for this program include: On-the-ground wetland, riparian, in-stream and/or coastal habitat restoration; Meaningful education and training activities, either through community outreach, participation and/or integration with K-12 environmental curriculum; Measurable ecological, educational and community benefits	state and local government, tribes, non-profit orgs, for-profit orgs, universities	\$30,000 to \$60,000	variable	Dam Removal, partial Dam Removal, Fish Passage alterations
NOAA - National Oceanic and Atmospheric Administration	NOAA Community-Based Restoration Program	Coastal states only (Great Lakes states may qualify); aquatic restoration; T&E species focused; not many dam removal projects			Coastal states only (Great Lakes states may qualify)	
ACoE - Army Corps of Engineers	Army Corps of Engineers Great Lakes Fishery and Ecosystem Restoration Program	Great Lakes region only; aquatic restoration but fish passage specific focus. ACoE has precedural requirements that often conflict with other federal and state agencies. May require redundant feasibility study.	Great Lakes Basin		A non-federal sponsor, which agrees to cost-share the project at a rate of 65% (federal):35% (non-federal)	Partial Dam Removal, Dam Removal
